

Mogun and Quail to Open May 1st

Jim Geno <genojim@yahoo.com>

Tue, Apr 28, 2020 at 11:12 AM

All,

Board membership has agreed to re-open club on May 1st as planned. With that said:

You enter at your own risk.

We are going to leave a few precautions in place for awhile.

1. The Clubhouse and Bird cafe will be locked.
2. The Portable toilet next to rifle range will be available.
3. We ask that you keep the social distance rule of 6 feet in place.
4. Please refrain from bringing in non family members for the time being.
5. Small groups of 2 to 3 (family members guests only)

The club has supplied disinfectant wipes in the following areas. **Once these are exhausted then its up to membership to bring their own to safeguard themselves and fellow members.**

1. The membership sign in box. Wipe down lock/chain and hasp used on sign in box when you enter. A 5 gallon bucket to dispose of wipes. PLEASE put them in bucket and not throw them on the grounds.
2. Disinfectant wipes inside the portable toilet.
3. Rifle Range: Wipes taped to pole next to cease fire buzzer at 50 yard line. We suggest you use the 50 yard buzzer to cutdown exposure on the other buzzer switches.

Miscellaneous Notes:

The fence on the Southside of property has a few openings. This is the main bird field. A crew is working on the new fence as we speak.

The bird cages are empty. If you want birds you can contact Rodney Albin. rodneyalbin@centurytel.net

Stay safe everyone...

Regards,
